Even as we busy ourselves getting through today, we often have an eye on tomorrow, wondering what it holds. How tomorrow turns out to be is up to us – it can be just like today, or it can mean something more, a future that is full of potential. Whether you picture yourself starting a new job, moving to a new country to make a fresh start, travelling alone for the first time, making new friends, or experiencing new cultures, **IELTS** can help you get there, turning your vision of tomorrow into a reality.

If you are planning to study or work abroad, then **IELTS** is the right test for you. Globally, there are more than 4 million test takers a year, making **IELTS** the world's most popular English language proficiency test for higher education and global migration.
