October 2026

Dear Colleagues,

We are delighted to share the October edition of *International Recognition*, with a strong focus on exam preparation, teacher development and upcoming Cambridge events.

In this issue, we highlight the **Cambridge Global Preparation Centre Event**, where Anglo will take part in the ***Building Bridges*** panel, as well as the **Ask Cambridge live session for candidates** and a new series of **Cambridge Global Live Sessions for teachers**.

We also look at **Authentic Digital Practice Tests and Test & Train**, two useful resources to help candidates become familiar with Cambridge exam tasks and build confidence before exam day.

A reminder that **enrolments for the November and December paper-based Cambridge exams remain open until 13 October**. Candidates can enrol **at Anglo centres or online through Anglo Market**.

We hope you enjoy this edition and find the information and resources useful as we approach a busy end to the year.

Kind regards,

The Anglo International Exams Team

Building Bridges at Global Preparation Centre Event 2026: Anglo and Colegio San Ignacio Take the Stage!

On 14 October 2026, teachers and educational institutions from around the world will come together for the Cambridge Global Preparation Centre Event, a virtual event broadcast live from Cambridge and packed with practical ideas, professional development and inspiration for teachers preparing learners for Cambridge English Qualifications. For participants in Argentina, Chile, Paraguay and Uruguay, the recommended session will take place on Wednesday, 14 October, from 13:00 to 16:45.

We are especially delighted that Paula Garbarino, representing Colegio San Ignacio, and Nora Ramos, representing Anglo, will take part in the panel *Building Bridges: Strengthening Partnerships Between Exam Centres and Schools for Exam Success* at 16:00.

The session will explore how strong partnerships between schools and exam centres can support teachers, learners and institutions throughout the Cambridge English journey.

We very much look forward to seeing our Preparation Centres joining us for the event!

Participants will also receive free access to the two-hour online professional development course *Giving Feedback* and will have the opportunity to enter a prize draw for a trip to Cambridge

Save the date: Wednesday, 14 October 2026

Authentic Digital Practice Tests and Test and Train: Smarter Practice for Cambridge Exams

Preparing for a Cambridge English Qualification is not only about knowing the language. Candidates also need to become familiar with the exam format, task types and digital test experience so that they can approach exam day with confidence.

Two particularly useful Cambridge preparation tools are **Test & Train** and **Authentic Digital Practice Tests (ADPT)**. Both provide candidates with realistic digital practice, but they support preparation in slightly different ways.

Test & Train: practice often

Test & Train is designed to give candidates regular, focused practice as they work towards their exam. It allows learners to become familiar with the types of tasks they will encounter while continuing to develop the skills they need for success. It can be especially useful to practise independently and reinforce the work they are doing in class.

Test & Train is currently available for a range of Cambridge English Qualifications, including:

- A2 Key for Schools
- B1 Preliminary for Schools
- B2 First for Schools
- B2 First
- C1 Advanced

It is the perfect training for Cambridge exams, helping candidates build familiarity and confidence before test day.

Authentic Digital Practice Tests: experience the real digital format

Authentic Digital Practice Tests give candidates the opportunity to practise in an environment designed to reflect the experience of taking a Cambridge English Digital exam.

They are particularly valuable for learners who want to become comfortable with the digital format before the real test. This can help reduce uncertainty on exam day and allow candidates to focus more fully on demonstrating their English.

ADPT is currently available for a range of Cambridge English Qualifications, including:

- A2 Key for Schools
- B1 Preliminary for Schools
- B2 First for Schools
- B2 First
- C1 Advanced
- C2 Proficiency

Which one should candidates use?

The two resources complement each other well.

Test & Train is ideal for ongoing preparation and regular practice throughout a course, while Authentic Digital Practice Tests are particularly useful when candidates want to experience a realistic digital practice test closer to the exam.

Used together, they can help students:

- become familiar with digital exam tasks and navigation;
- practise more independently;
- identify areas that still need attention;
- develop confidence before exam day;
- make the transition from classroom preparation to the real exam experience more smoothly.

For teachers and Preparation Centres, these resources can also provide an excellent way of encouraging students to take greater responsibility for their preparation and make digital practice a regular part of their Cambridge English journey.

A useful combination: learn, practise, experience the format — and arrive at the exam better prepared.
